General Intended use:

The Bathroom stool range is designed to provide a comfortable and supportive seating options for various tasks in the bathroom. It is particularly useful for people who have difficult standing up for long periods of time, hence reducing their muscle fatigue or risk of injury due to slipping. It is important to ensure that the stool is set up on a firm, flat surface and adjusted to the correct height before use to ensure safety and comfort. The accessories further improve the comfortability of the user.
